provision MINISTRY

IDENTIFY. CONNECT. PROVIDE.

Listen to the daily news and look around. We all can see a lot of hurt and a lot of need. Sometimes it seems that there is just too much to deal with. Provision Ministry has found ways to make a difference.

Making a Difference... Spreading HOPE

Since its inception, Provision Ministry has identified over 40 partners; those who can give, and those who have needs in order to fulfill their missions to help others. We have connected these partners in unique ways to ultimately provide over \$1M in products like food, footwear, clothing, school supplies, and homegoods directly to addicts, veterans, children and families who are homeless, and others who need a helping hand. Provision is supporting organizations that feed and clothe the homeless, help addicts and alcoholics reclaim lives of sobriety, support young mothers choosing life over abortion, and more.

With your support, Provision Ministry can continue to provide support to nonprofit organizations doing great work to help others in low-income communities in Massachusetts.

“Provision Ministry has been a great partner to our organization. Because of Provision Ministry a lot of people will have shoes, warm clothes, and blankets to keep warm this winter. We are grateful for what you do.”

~ Vinny, Serving the Homeless in Lowell, MA

Provision Ministry Care Pack Program

Veteran Care Packs
Homeless Care Packs
School Backpacks
School Refill Packs
Hygiene Packs
Family Care Packs

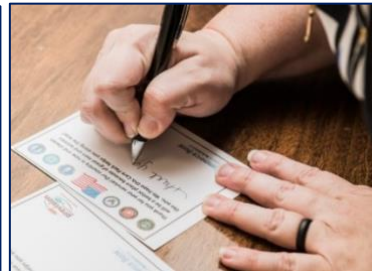

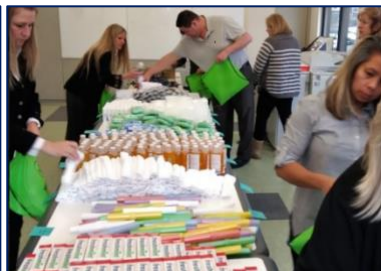

Provision Ministry partners with corporations, churches, and other organizations to provide Care Packs filled with school supplies and hygiene products through our Care Pack Program. Through this initiative alone, 7,000 people have been blessed with items they need! Sponsor groups have held Pack Building Events to assemble packs for distribution in their communities. Equally as important as the items inside, each pack includes a personal note of encouragement that spreads a message of hope.

The Care Pack Program provides a unique way for people to personally connect with others in their own communities and let them know they are not alone.

“As a small company, sometimes the best intentions are not enough and having a partner like Provision Ministry to help us achieve success in executing these types of events is truly a blessing.”

~ Michael, Owner & President, WeGotSoccer
