provision MINISTRY

IDENTIFY. CONNECT. PROVIDE.

Did you know that there are currently over 20,000 homeless people in Massachusetts? Since 1990, these numbers have more than doubled! Each homeless person is someone's mother or father, brother or sister, cousin or friend. This makes the issue of homelessness a personal one.

Making Connections... Helping Others

There are many great organizations in Massachusetts dedicated to helping those who are homeless and others in need. Provision Ministry supports the missions of over 20 such organizations by providing important items they require.

This year, through generous donations, Provision Ministry has provided brand new winter coats and clothing, new socks and hats, hygiene products like soap and toothpaste, useful home goods, and new backpacks and school supplies valued at \$1.4 million to partners in Massachusetts serving the homeless and underserved children and families.

Provision is strategically targeting the following cities in Massachusetts: Worcester, Lowell, Boston, Springfield, Framingham, and newly added, New Bedford and Fall River.

With your support, Provision Ministry can continue to provide support to nonprofit organizations doing great work to help the homeless and others in need in Massachusetts.

Provision Ministry Care Pack Program

Veteran Care Packs
Homeless Care Packs
School Backpacks
School Refill Packs
Hygiene Packs
Family Care Packs

Provision Ministry's Care Pack Program continues to spread hope and engage volunteers to help throughout our communities. Sponsor organizations assemble Provision Care Packs filled with needed items for those in need – tangibly impacting social issues, like homelessness, in their own communities. A personal note of encouragement written by volunteers accompanies each Pack.

Provision Care Packs are a way to reach out to people in need with something that meets a basic need and shows them that someone cares. To date, Provision has distributed 11,000 Care Packs.

“Thanks again for all that you do. Dominic Marcellino, President and Founding Member of Disabled and Limbless Veterans, Inc., CPL (RET) US Marine Corps, Vietnam Combat Veteran, Triple Amputee (pictured right), delivered the first carload of Care Packs to the West Roxbury and Bedford VA hospitals. These will be fully appreciated by the Veterans in need there.”

~ Christopher Hanafin, Director, Veteran Services – Town of Burlington, MA
