Lifetime Distribution of Food and Essential Items

At the heart of what motivates Provision is the reality that every person in need is *someone's* brother, sister, family member, or friend. When we see each person in this way, it makes our work more meaningful ... and more urgent.

Current economic factors are overburdening the food pantries that feed those experiencing food insecurity and the shelters that provide clothes to those experiencing homelessness. What this really means is that without Provision, many nonprofit organizations wouldn't be able to keep up with demand.

Provision Ministry is helping thousands of people every day with food and basic essential items. Because, every day is a chance to bring hope and dignity where it is needed most!

Stories of Hope

*"Through Pine Street Inn's partnership with Provision Ministry, thousands of individuals have the opportunity to receive **a new pair of shoes and socks, a fresh shirt or pair of pants, a warm winter coat, and even hygiene products.** Our guests express the most sincere gratitude whenever we are able to provide them with new gear and you can tell it uplifts the spirit of those experiencing homelessness."*

*"Our goal is to address and help reduce food insecurity. The food from Provision is just like what you'd find on grocery store shelves. **The dignity of offering fresh, brand-name food is incredible. People feel more human — it's not just leftovers.**"*

Provision Provides Hope

Our Strategic Model — Built to Help

At our annual fundraiser, one of our board members explained Provision's model clearly: Large companies often have surplus goods — thousands of new shoes or truckloads of warm winter coats — and are seeking a way to get them to the people who need them. Meanwhile, nonprofits who directly serve those in need, rarely have connections to these corporations or the capacity to handle large quantities. This is where Provision makes an impact — bridging the gap by connecting those who have with those in need.

Donors

Our donor network provides large quantities by the pallet & truckload. Provision allocates these large quantities to a vetted, trusted network of partners who directly serve those in need.

*"The impact of partnering with Provision has been transformational. **The number of organizations we can serve has gone from 5 to 50!** We are now able to distribute food and essential items weekly and reach tens of thousands of people — not just hundreds. At a shelter for women and children, upon receiving new items from Provision for her children, one woman said **"No one has ever given us anything like this."***

— St John XXIII Parish Corp

This summer, Provision had the **unique opportunity to connect three valued partners** — Edesia Nutrition, World Vision, and Ocean State Job Lot — to deliver 285,000 lbs of life-saving Plumpy'Nut® peanut-based, ready-to-use therapeutic food to **9,000 malnourished children** in South Sudan. It was an honor to play a part in this inspirational collaboration.

Coming in 2026: Breaking Ground. Building Hope.

Provision's plans for 2026 include establishing a Massachusetts Distribution Hub to facilitate strategic distribution of more food & basic necessities to veterans, underserved children and families, and those experiencing homelessness - restoring dignity and sparking hope.
